

Association for Technical Monitoring Agents

Membership Requirements & Fees

Entrance Criteria:

- Full members are those firms, corporations and persons who have been engaged for at least one year in the technical monitoring industry. Full members need to either have ISOs 9001, 14001 & 45001 accreditations, OR Achilles B1.
- Associate members shall consist of firms, corporations and persons who are not qualified for Full Membership under Paragraph 3.1 but whose activity creates an interest in technical monitoring and the quality of energy efficiency installations e.g. energy efficiency manufacturers, distributors, consultants, designers, contractors and/or surveyors
- Corresponding members shall consist of firms, corporations and persons not resident in the United Kingdom who wish to maintain contact with the activities in the technical monitoring industry in the United Kingdom
- All applications for Membership of the Association shall be on the official form as prescribed from time to time by the General Meeting. A copy of the Constitution shall be sent to each applicant with the application form
- Completed application forms will be considered by the Membership Committee and the application approved or rejected. In the case of rejection, the General Meeting shall not be obliged to give any reason for the rejection
- New full members are required to join the ATMA TrustMark Competency Scheme, complete the competency matrix and be audited against this and the application form, before joining. The prospective member is to pay the audit fee in advance.
